## Holiday Sale!

Exclusively for members of  
The Maryland Orchid Society

Take **20% off** all plants purchased from  
December 11 through December 24, 2021.

Due to COVID-19, we will not host  
our annual Open House. So, pay your  
MOS membership and shop at your leisure  
and take advantage of this special offer.

## MEMBERS' PLANT SALES

To help relieve some of the consequences of canceling the November auction, the Board of Trustees in late September, 2021 chose to open two upcoming meetings to the sale of members' plants. As would have been the case with the auction, all proceeds of these sales will go to MOS. Plant donors will be eligible for tax deductions for charitable contributions.

Keep in mind that plants in bloom are the most desirable; non-blooming plants will be easier to sell if the donor can provide a photo of it in bloom. As with the Show Table, we ask that all plants be healthy, disease- and pest-free, and as accurately labeled as possible. At both meetings, any plant that does not sell will need to go home with the donor.

1. **OCTOBER** monthly meeting has gone by. Over \$800 was raised for MOS. Thanks!
2. **DECEMBER** monthly meeting: This is our traditional holiday party with no outside speaker. All members will be able to contribute plants. Please contribute any plants you think are good candidates for sale. You are welcome to suggest a price (or a minimum price for silent auction specimens) or allow Joel Graham and his minions to set a reasonable price. Please arrive with your plants as early as possible to the Holiday Party, so the set-up and pricing can be completed in a timely manner.

# Miscellany

An Every-Once-in-a-While Item of Potential Interest to the MOS Membership

*Have you run into a resource that provides some useful information or just an oddity related to our passion for orchids? Please share that discovery with your friends and colleagues of the MOS. Please submit your findings to John Heinbokel (jheinbokel@hotmail.com), for inclusion in a future Newsletter.*

**Miscellany is on vacation this month. We'll try to revive it, as we move into the New Year**

## **CONGRATULATIONS TO US !! GOOD NEWS FROM THE AOS !**

MOS was recently notified by the AOS that the 'Happy Valentine's Day' display that we entered in the NCOS Annual Show in February 2020 (our last away show before COVID descended on us) has earned the Walter Off Exhibit Award for 2020. Most of the elaboration below is taken from the original MOS Newsletter (March 2020) that discussed our exhibit at that show and from the AOS email that informed us of the prize.

Mostly from the AOS award notification:

Each year the American Orchid Society now honors 23 exhibitors with our year-end Special Annual Awards. It is our distinct honor to advise you that your 2020 AOS award to 'Happy Valentine's Day' SC-ST/AOS has been selected to receive the 2020 WALTER OFF EXHIBIT AWARD.

The Walter Off Exhibit Award is given to an AOS Show Trophy Award, Silver Certificate or Gold Certificate or Educational Award which is recognized as the most outstanding example of these types of awards given at an AOS sanctioned orchid show awarded during the previous calendar year. The Award shall be determined based upon the submissions of photograph(s) from each judging center of its nomination for the award. This award was established in the fall of 2017 and endowed by donations to honor Walter Off, exhibitor and teacher of exhibition.

The awards will be presented at our Town Hall Meeting on Saturday April 9, 2022 during the AOS Spring Members' Meeting and Centennial Celebration, at the Biltmore Hotel in Coral Gables, Florida. [The Walter Off Exhibit Award includes a commemorative plaque and a cash prize (depending on the financial performance of the award endowment at the end of the year).]

All of the 2020 Special Awards ... will also be featured in an article in the April 2022 issue of *Orchids (The Bulletin of the American Orchid Society)*.

It is exhibitors like you who make our organization as great as it is, and we thank you for your participation in our judging process. ... Once again, congratulations!

As is the case with so much of what we do as the MOS, this success is recognition of the broad-based collaborative effort we devote to our activities. That's illustrated by the following from the the March 2020 Newsletter:

Thanks to the design help of Marc Kiriou and the physical help of Robert and Susan Travers, Al and Wanda Kuhn, Clark Riley, Daniel Woodburn and the generous donation of plants from Fay Citerone, Suzanne Gaertner, Teena and Randy Hallameyer, John Heinbokel, Sarah Hurdel, Robert Johnston, Marc Kiriou, Al and Wanda Kuhn, Marilyn Lauffer, Valerie Lowe, Michael Moran, Sally Over, Mark Robbins, Laura Sobelman, Sarah Spence, Clark Riley, David Smith, Robert Travers, Eric Wiles, Daniel Woodburn, Barry Woolf and The Little Greenhouse, the Maryland Orchid Society installed a 50+ sq. ft. exhibit which received First place in its class, the Best Society Exhibit in the Show, the Best Exhibit in Show and the AOS Show Trophy. Our exhibit also received an **86 point Silver Certificate from the AOS.**

[Thanks are also due to] Fay Citerone, John Heinbokel, Sarah Hurdel, Sally Over, Clark Riley, Robert and Susan Travers, and Eric Wiles and Tammy Grub for helping to tear down the exhibit, getting it packed up, and transported home.

Please accept my thanks to all who contributed! As we begin to move back into the show circuit next spring, we have a high standard to maintain. I hope this helps to provide a little push of incentive, as we step back into those competitive arenas.

**2021 DECEMBER AOS Corner – for [Affiliated Societies](#)**

**The AOS Corner is for society representatives and newsletter editors:** Orchid societies are welcome to reproduce the AOS Corner completely, or in part, in their society publications. We encourage use of the [AOS website](#) by all members.

**CONGRATULATIONS TO OUR RECENTLY RECOGNIZED AFFILIATES**

**The Distinguished Affiliated Societies Service Award (DASSA)**

This prestigious award is given to an affiliate in recognition of sustained, outstanding contributions in areas of service and support in the field of orchidology.

We called for DASSA nominations back in June. Thank you everyone for your submissions. We were pleased to get a diverse group of submissions from the Caribbean to Canada and across the USA. Each society in their own way has supported and fulfilled the mission of the AOS as demonstrated by their submissions. The nominations were reviewed by the Affiliated Societies Committee and submitted to the AOS Board of Trustees.

The original plan was to recognize our affiliates in person, at the Centennial Celebration Town Hall, at the AOS Members Meeting, held this fall. We were a bit disappointed when it was announced that the fall meeting was to be virtual, as this stubborn pandemic continues to upend our best laid plans.

DASSA recognition was given to all six of the societies that submitted their nominations at the virtual Town Hall Meeting on Saturday, October 30. They were announced by AOS President, Robert Fuchs. If you didn't have a chance to attend, the Town Hall meeting is posted on the [AOS webinars page](#). The winners were also recognized in our Affiliated Societies Facebook Group immediately following the AOS Virtual Meeting. The six awarded societies will be included in the special Centennial booklet available at the Spring AOS Members Meeting. Each Society will receive also a commemorative DASSA plaque.

- Orchid Society of Greater Kansas City
- San Francisco Orchid Society
- Southeastern Pennsylvania Orchid Society
- Southern Ontario Orchid Society
- St. Croix Orchid Society
- Tampa Bay Orchid Society

**Congratulations all! Keep up the good works!**

Whether a society is large or small, celebrating their 5th anniversary or their 50th anniversary, we encourage our affiliates to review your society lifetime accomplishments and submit a [DASSA nomination](#) to be considered for AOS recognition.

**IMPORTANT: RENEW YOUR Society Affiliation**  
**Are you EXPIRED? OVERDUE? DISBANDED? UNSURE?**

We realize that many of our societies have not regularly met in person during these challenging times. We want to stay connected. The best way to do that is to make certain that your [society membership](#) is up to date.

To continue receiving the AOS Corner and all of the benefits of being an Affiliated Society, your society must be current on their membership. Have you recently changed leadership in your society? New AOS Representative? New President? New Newsletter Editor? We also must receive your [updated Affiliate information](#).

*Individual society membership and AOS Membership are not the same.  
Although affiliated, each requires separate membership dues and benefits may vary.*

### **EARN AOS MEMBERSHIP EXTENSIONS FOR YOUR SOCIETY**

Affiliated Societies can earn a one-month extension on their AOS society membership for each new individual AOS member they recruit. If you start now, with twelve new AOS members, your Affiliated Society can obtain a FULL FREE YEAR OF AOS membership!

**NOTICE:** For new individual members who sign up on the AOS website, please email [sandra@aos.org](mailto:sandra@aos.org) within thirty days of joining and advise your Affiliated Society name and your membership number so extension credits can be added to the account. Be sure and advise new members to note their society affiliation in the comments section on the printed membership form (or call the main office with your society name).

### **HOW TO GET A SHOW or EVENT ANNOUNCED IN ORCHIDS MAGAZINE AND ON THE AOS WEBSITE**

We NEED Your Complete Information for EVENT Listings  
in ORCHIDS Magazine and on the AOS Website

It all starts with an application. This form must be filled out completely for all events that you wish to be published in ORCHIDS magazine and on the AOS website, whether or not there is AOS judging.

If you need AOS Judging at your event, a completed application is required. Your application must be signed by the Judging Center Chair before it is sent to the office. Your Judging Center Chair may choose to send the signed application to the office via email to match with your electronic or postal mailed application. Alternately, you may need to check with your judging center for any other processing requirements.

If you choose not to have AOS judging, you still need to complete all of the information at the top of the form. When you come to the judging information fill in NO JUDGING in the section under Judging Center Responsible.

Send completed application by email to [theaos@aos.org](mailto:theaos@aos.org) or by USPS to the P.O. Box on the top of the form.

**Attention: ORCHID GROWERS**

Everyone is pleased to see society members share their plants on the show and tell bloom table at society meetings each month. Some societies have AOS judges in their midst and they review the plants that have been brought in. Many of those entries are AOS award worthy. Individual growers are encouraged to exhibit their orchids for review at an AOS judging center and enter them for judging in local shows. You are most welcome to come and observe the judging process with or without a plant entry. Judging centers are open to the public.

Where is your nearest [AOS Judging Center](#)?

The AOS's judging system is comprised of 26 Centers encompassing 34 sites throughout the United States and Canada. Many of the Judging Centers have links to their local websites on the [Orchid Awards & Judging](#) page of the AOS website.

These Centers provide opportunities to have plants judged on specified monthly dates. The Centers also provide judging service to AOS sanctioned shows here and abroad. Center activities are open to visitors who wish to see the service to AOS sanctioned shows here and abroad. Center activities are open to visitors who wish to see the judging process in person or bring their plants to be evaluated. Meeting dates, times, places and contact information are published each month in ORCHIDS magazine as well as on the AOS website [Events Calendar](#).

Orchid plants may be submitted for judging using the following guidelines. All orchid plants or cut flowers submitted at a monthly judging session are candidates for an award. Plants must be entered in the most presentable condition possible.

Judging Center plant entries may be submitted by the owner in person or by someone else on his/her behalf. The exhibitor completes a single sheet entry form for each plant entered for judging. After an entry number is assigned and annotated on the form by the Judging Center Clerk, the exhibitor places the [entry form](#) with the plant on the display table.

The image shows a 'JUDGING ENTRY FORM' from the American Orchid Society. It includes fields for Place, Date, Entry #, Name of Plant, Clonal Name, Parentage (with an 'x' for crosses), and Comments. There is also a section for 'Previous Awards received by this plant' and a question: 'Has plant been submitted previously for AOS judging of the same inflorescence? YES  NO '. A small note at the bottom states: 'All entries are subject to Rules and Regulations as outlined in the Handbook on Judging and Exhibition, published by the American Orchid Society.'

TOM'S MONTHLY CHECKLIST

Reprint **December: The Month of Gifts**

By Thomas Mirenda

They say it is better to give than to receive, but I am not so sure that is entirely true. Sure, seeing the joy and satisfaction on a loved one's face as they unwrap that perfect present you hand selected and lovingly wrapped for them can be an absolutely sublime pleasure. But it can be equally sublime to be on the receiving end of the transaction too. Gifts are not always material things. All of us have been blessed with unique combinations of talents and abilities that are ours alone, bestowed upon us by some benign force. We have also all been given our own unique sorrows, burdens and insecurities by forces that seem random, unfair and arbitrary. Yes, gifts are not always all that pleasant to get, and often involve dutiful responsibility and conscientious effort to preserve and protect them once received. At the Smithsonian Gardens Orchid Collection, we are occasionally entrusted with legacy collections. These often consist of beloved, pampered plants that were carefully nurtured by someone's loving care for many decades. Thirty-year old specimen plants can be really magnificent and such extravagant gifts make our collection even more special. But having such plants entrusted to us is

a serious responsibility. It is our stability and commitment to collection excellence that allows people to have enough confidence to gift us with such outstanding treasures. Indeed, it is truly wonderful to “receive.”

**GIVE ME A BREAK** With the shortest daylengths of the year coming up this month, many orchids need a serious rest at this time. Deciduous orchids such as catasetums, lycastes, nobile dendrobiums, habenarias and several others require extremely dry conditions in winter and can be seriously harmed by over exposure to water. Once a plant shuts down its metabolism for the season, a soaking will most likely make that plant rot away. Even plants that retain their leaves, such as cattleyas, oncidiums and phalaenopsis are still growing more slowly or gearing up to bloom and do not require nearly the amount of food and water they did in the spring and summer seasons.

**GIMME SHELTER** In temperate areas of the Northern Hemisphere, most orchids are being sheltered from the cold in greenhouses, light rooms and windowsills. Tropical orchids would not survive outdoors in colder climates. It is imperative that your growing area be well insulated from cold. Check to be sure there are no cold drafts or greenhouse cracks and that heaters, cold-alarms and circulating fans are in good working order. A little attention to winterizing your set up now can prevent serious heartbreak when the extreme cold weather hits.

**GIVE AND STAKE** Cymbidiums and phalaenopsis have been elongating their spikes this month and are starting to bud up nicely. As the buds fatten, spikes need additional support, or they will sag or even become pendent. This might be attractive on a mounted or hanging-basket plant, but virtually all potted orchid plants should have their spikes supported with a stake. Always try to do this before the flowers open or they might be angled funny. There is nothing more disconcerting than facing an orchid where the flower is sideways, or worse, upside down, because it was staked too late.

**GIMME SOME LOVIN’** This may sound a little crazy, but over the years, I have noticed that orchids can pick up on my mood. When I am distraught, so are they! They simply do not grow as well. When they all get the same care, and I am just going through the motions, they muddle along with me, but do not really thrive. However, when I admire and appreciate them all as individuals and take the time to enjoy and learn about each plant’s individuality, it is then that my greatest growing successes come my way. I believe the plants can sense when they are truly admired and appreciated. If you give them that simple act of commitment and love, they will pay you back with the greatest gift of all, their spectacular flowers.

If you would like to spotlight an issue or share news with other affiliated societies, we welcome your input. Let us know what you would like to see in this newsletter! If there is something within your society that is working extremely well – let’s share it here. If there is something you could use help with – let us know. By chance, another affiliate may be able to offer a solution, or want to try something you have achieved. Your contributions are critical to bringing fresh, timely content to this publication each month. Please send your questions, solutions, and submissions for the AOS Corner to [eileenh@aos.org](mailto:eileenh@aos.org) or [askmasc@verizon.net](mailto:askmasc@verizon.net)

*Thanks for meeting me down at the Corner!  
May all your holiday celebrations be joyful!*
